JOHN J. 815 D. P. M.

The Work Heloic l'a. of hit, and chal enged us to a great struc-

Kn wing what we have to encounter the and we are compelled to met them erine pl a of former days. Forthe years w garded and treated with contempt; the will of reme law; mil ary role has been cetab nation is grouning under a weight of taxatio too gr at I rit to bear, and corruption and

m igated antil the men who bave brom bit them upon us are delven from power. The detent of the Democratic party in this conte ook og back the ngh the past three years and howing the una they have wrought, we can very read yestem to what they will account e d of that true. They are r chiess, unper Earls lead r has some selfish end attain, and non of them permit as y con add an one of national good to stand i their way. The experience of the past teaches nd such another four years' strain. If n vi y in the canvase, and the all pt in of the

stand and to which the party will be a orfa and give the greatest promise of

ask therein she to the product a said the tenat module mass s. The ball is of the war real to be tength over again and to I ra a d acr mony engendered by ch fri a c, 1 | le, to be reviv d, to n to to be denounced as a reliet organ, a few only waiting for a favorable is porting to retrice accorder blow at the among fits. If is to be truck a test of the second of at ... t, who to the new name for to ying ; I'm ent y ! Rade a leaders supposed that

Mr. Pendition would be the D mee all, in thee and that the payment of Five-twen is do in lawful money wrold be unasis a pack in the platfern W master that the Radical parts w I make but life out of that toue. This d 1 op reseed and tax ridden people are not in the humor for paying more for the talah hydrent of ne ro suje macy in the butte , n d whether It iv en led repullation of by a y th r name, the me will a pt as a r f and a g sod tong.

On the to robulling question the litting rate paths has a lite advantages. The R d of pla form on this question is one of the n trem doon ab urd it a which any p It al party ev raiti mpted to chole done ! of an intil gent p pc. It m u ta us that it is rig it and proper that Congre on liregulate the que thou for on portion of he Stat s, and that the balance of the S are age the power to regulate I for the macket but bone use as this will easily be made p I cy of the Rudical party will be expect and udemued. A people loaded down at the colline of the United States now are with colline. a dian a are not easy indue d to the t fr o I gations, and we the fore thuch t the l c t as uthen me as iya memetek when I took the ground the t the It movemey on make su impotrate a

against by the Dem ray lath possible I that personal and ar the nall property as a qui steon of availability. The political a pra ti us of min must be embordinated to the gueral lut rests of the party. The fit to of be lost and of that details the contest to ser tri value rum. It to the our ver the get rum at and the test of returns our party. We are competing by a curround un, but if angacious c u -1

arrived at that morning. [The Counti-tation of Pupul Countyme, by W. Carl tem. Den l'int says thut, after the com-mission to try Gen. Basel had closed its isbors, ha happened to meet in the War Department with teen. I an. Tyler, the gallant old soldier from tonnecticat, who had served as one of the members of the memorable commission. While con-versing with him President Lincoln came in. in, "Well, Tyler," he said, "your Buell commission come near surviving the war, and what did you discover after all?"

war; and what did you discover after all?"

"Wa discovered, Mr. President," responded the frank old man, "that lirage, with dirty literated men, all lold, droes back lucil, with seventy-two flousand externas, from Chattaneage to the thin. The same and the retreated whipped him at last, and then retreated out of kontrolly with all his spoils introduced."

"And haw do you account for that, "yier; is litual a traitor?"

"No, art; I won't say that. The fault is in our army organization."

"Why," exclumed Lincoln, somewhat warmly, "do you mean to say that our
